

WORDEN SENTENCED

To Be Hanged at Folsom
February 12th, Next.

JUDGE GRANT GREATLY MOVED

But Worden Betrayed No Emotion
While the Death Sentence Was
Being Pronounced.

WOODLAND, November 16.—E. G. Worden, the convicted train wrecker, was sentenced tonight to be hanged at Folsom on February 12th, next. Before sentence was passed Worden's attorney moved to set aside the verdict on the ground that the court erred in instructing the jury and that the verdict was contrary to law and the evidence. He contended that if the evidence adduced during the trial was all true, only murder in the second degree had been proven.

The court denied the motion and the attorney then argued that the case be dismissed on the ground that the court had no jurisdiction; that at the time the train was wrecked Engineer Clark was in the service of the government and the train was under the control of United States forces. The court denied this motion, also one for arrest of judgment, and Worden was directed to stand.

State Mineralogist's Report.

SAN FRANCISCO, November 16.—The state mineralogist's report shows that during 1893 California more than doubled the silver output of the previous year, producing \$537,165 as against \$262,580. The increase was almost entirely due to San Bernardino county, where the old mine being worked more cheaply than any other silver mine on the Pacific Coast. The gold output was practically the same in both years. This year forty hydraulic mines, which have been unproductive for years, are again being operated. The state mineralogist believes this will increase the gold output from \$12,000,000 to \$18,000,000, and that it will be maintained at a large figure for several years.

SAN FRANCISCO, November 16.—The official vote of several counties was received tonight, but the figures made but little change in the result of the vote for governor. The shipment of fresh fruit to London is declared to be impracticable, all shipments of seed fruit, however, and butter transportation, although the fruit sent to England was very well received.

FITZSIMMONS ARRESTED

DOCTORS UNABLE TO REVIVE HIS SPARRING PARTNER.

Fitz Receives a Clear Knock Down by a Local Sparrer of Syracuse.

SYRACUSE, November 16.—Bob Fitzsimmons is under arrest, pending the recovery of his sparring partner, Con Kildoran, whom he knocked out tonight. In the first round of their exhibition Fitzsimmons hit Kildoran a right-hand blow on the jaw. Kildoran sank to the floor unconscious and is still in that condition in spite of the efforts of the doctors to revive him. It is stated that Kildoran was intoxicated when he came on the stage. Immediately after the riotous incident, James Dunlop, a local sparrer, stepped into the ring and fought with Fitzsimmons. In the second round Dunlop landed a right-hand blow on Fitzsimmons' jaw, securing a clear knockdown, the first, Fitzsimmons declares, he ever was given. He was dazed when he regained his feet but he could not see Dunlop's hand when it was extended at the call of time. Fitzsimmons was arrested shortly after midnight. The physicians attending Kildoran say there is grave doubt of his recovery.

A Peculiar Request.

From a Southern Planter.
Tom Jones appeared before the Board of Supervisors this morning with a novel proposition. It was nothing less than to have the board authorize him to kill Cliff Regan. He said that himself and boys and Tom Benson had been on the trail of Cliff, the outlaw, who has been committing several thefts in the mountains, but that they found it was expensive work as they got nothing for their trouble.

It was expensive work, Jones explained, as their horses had to be fed. What he wanted the board to do was to give a reward of \$200 for Cliff Regan, dead or alive. He stated his willingness to hunt the robber for that sum, and was confident in his ability to bring Regan in or show some evidence that Regan had been disposed of.

The Board refused to comply with the somewhat startling request of Mr. Jones, who looked upon their refusal with disgust. Jones went out of the presence of the board murmuring something about not hunting robbers for nothing.

Disputed Plurality.

It is conceded that Bachman is elected to the assembly from the Sixty-second district, but there is a dispute as to who carried Fresno county. Mr. Bachman claims he has a plurality of 2 over J. W. Reese, and Mr. Reese claims that he has a plurality of 2 over Mr. Bachman. Both cannot be right. Madiera county gave Bachman a sufficient vote to elect him beyond doubt, and the matter of a plurality in this county is principally a matter of sentiment.

The Hatch Trial.

WOODLAND, November 16.—Nothing new or startling was developed in the Hatch trial wrecking case today. It is rumored the defense will try to prove that the wrecking of the train was purely accidental.

THE UNITED RAILWAY.

Work of Construction is to Begin Very Soon.

From the Stockton Mail.

T. McKee of the New York firm of Ross & McKee, railroad contractors, will arrive here tomorrow morning to figure on the proposed United railway.

Colonel Hartzall, manager and secretary of the railroad corporation, says that the work of constructing the line will probably commence very soon. He thinks that Mr. McKee will not have to return to New York, but will communicate with his partner by telegraph, and the latter, in behalf of the firm, can enter into a contract with the New York men who are backing the railroad company.

The Colonel states that the contractors have announced their intention to build straight through to Bakersfield. Whether Ross & McKee will take the contract for the entire road or only, at present, that portion of it which will be between this city and the Stanislaus river, will not be known until McKee arrives.

The road will cross the Stanislaus river. That stream is not navigable, for business reasons, but is navigable. Nevertheless the company can put a trestle bridge across it instead of a draw, as the Southern Pacific has already done. In doing so, however, it will take a risk, for the government can at any time order the bridge removed and a draw substituted. Colonel Hartzall says he thinks a trestle bridge will be built.

HORRIBLE MASSACRE.

SIXTEEN THOUSAND ARMENIANS BUTCHERED.

Babes Impaled on Bayonets and Women Outraged and Killed.

LONDON, November 16.—The horrible details have been received here of the massacre of 10,000 Armenians by Kurds and Turkish soldiers at Bitlis. No compassion was shown to age or sex. Men were cut down and women outraged, after which they were killed. Babes were impaled on bayonets, and not a soul was spared. The excuse for the butchery was the so-called Armenian rebellion, which consisted of the killing of two Kurds who stole the Armenians' cattle.

CONSTANTINOPLE, November 16.—An official account of the massacre of the Armenians says Armenian brigands burned and devastated Mussulman villages and committed other excesses. Troops were sent against them and they were subdued. Those who submitted were spared with their women. The Armenian Patriot League has appealed to Great Britain and other European powers to change the government of Armenia.
